2nd Grad Synervoice: October 23, 2026

Good evening, potential graduates, and families, this is Mrs. Ronson & I have a few important grad items to share with you.

1. The Grad Fee & Application are posted to your son/daughter's School Cash Online account. Both must be completed & submitted by October 31st .

2. On October 20, potential graduates attended a GRAD ASSEMBLY during period one. At this time, I reviewed an abundance of grad related information. This PowerPoint will be made available on the SJC website over the next few weeks.

3. At the grad assembly on Oct. 20, I shared the instructions on how students can book their grad photo online with Pegasus. Only students who have paid a fee that includes a grad photo should be booking a session. Please note that Pegasus has several days scheduled at SJC but will only release a few days at a time for booking. As days fill up – more dates & times will be released. Instructions on how to book with Pegasus are posted in Student Services, shared on the SJC Grad Instagram account '@sjcgradinformation2027' and will eventually be posted on our website. These instructions were also emailed home as they were included with the first grad synervoice message. *Please note that all grad photo sessions must be booked with Pegasus by Friday, November 27, 2026.

4. Guidance Counsellors are meeting with all gr. 12 students to review their status sheet, discuss their plans for next year and to review important grad information. A reminder to submit those community hours!

5. The next edition of the Grad Newsletter will be released in early November. Newsletters can be found on the grad bulletin board located outside Student Services, posted on the SJC website, and will also be emailed home as part of a grad synervoice message. Stay tuned!

6. Finally, this is a reminder to do your best to stay informed as we continue to share grad information with you over the next 8 months. Make regular visits to the SJC website (once it has been updated), check in with all phone or email synervoice messages, review the grad newsletters as they are released, and follow the 'sjcgradinformation2027' Instagram account. It is imperative that you are on top of all the grad information that is being shared.

Thank you & have a good evening.
